Deborah,
For your review.

In looking at your calendar, you have two external-facing meetings not highlighted in the Weekly – one related to Mather and one, on April 30, called “CA Biodiversity Meeting.” Not sure if you’d like to highlight either in the forward-facing section of this week’s report.

Also for your feedback is the use of bullets in this report. Not sure if you like them, but they seemed like a good way to organize otherwise run-on content related to three items of tribal consultation that felt repetitive to list separately, and for the three forward-looking CAA Federal Register items (two of which seem ho-hum, one of which is court-deadline driven).

Thanks for the feedback!
